I understand that after adoption all financial obligations for the care of this pet are my responsibility. I am at least 21 years of age and can provide valid picture identification. I assume all risk associated with visiting Randy's Rescue Ranch, including but not limited to, falls, contact with animals including animal bites, kicks and scratches. NOTE: Please be advised that completing an application does not guarantee adoption. There are some cases where the applicant could be turned down, or there could already be multiple applications on the specific companion animal. FOR THOSE WHO RENT: Before we can proceed with your application, we MUST have landlord approval in writing to ensure animals are allowed on the premises. This approval must include any specific breed or size restrictions. \*
